7.1 Institutional Values and Social Responsibilities

Institution shows gender sensitivity in providing facilities such as:

- 1. Safety and Security**
- 2. Counseling**
- 3. Common Room**
- 4. Girls' hostel**

Response:

Safety and Security - Security cameras (CCTV) are fixed in the Institute for round the clock surveillance. Grievance cell, internal complain committee and Anti-ragging committees with women professors as members are functional in the institute to promote gender sensitivity in the Institution and produce harmonious atmosphere in the campus.

The Institute is having own girls' hostel with well established facilities like **CCTV surveillance**, woman professor as **hostel warden**, residential woman **rector** and 24hours **woman security guards**. The **doctor** is appointed for the girls to take care of their health. The hostel is safeguarded with a cement **fence**. The **central position** of girls' hostel in the campus makes it more secured and safe. **Fire safety** is also taken care of with fire extinguisher systems all over.

Counseling- Special counseling is provided to overcome psychological barriers which keep women lagging behind under common circumstances. The issues of '**women empowerment & protection**' and '**women safety and equitability**' are the most demanding areas during counseling.

Common Room-The Institute has established a separate **Girls' common room** on First floor, which is well equipped with necessary facilities and amenities required by women like **Sanitary napkin Vending Machine, incinerator, attached washrooms**, washbasins, mirrors, curtains, **hand wash/ sanitizer**, etc., along with clean beds and seating arrangement. **Potable, cool drinking water** is provided with a separate water filter and cooler. Ceiling fans and air cooler make the common room more comfortable in all seasons. The **complaint box, fixed by the police authorities**, boosts the confidence and feeling of safety among girls additionally.

Girls' Hostel facility: An independent girls' hostel with the **cafeteria and mess facility** in the campus paves the way for the easy access to girls for professional education. No female student from Jammu and Kashmir, Andman -Nicobar islands and North east regions of India is denied admission to girls' hostel.

7.1 Institutional Values and Social Responsibilities

This has encouraged female students from above mentioned remote and far off places of India to pursue pharma education at our Institute.

The hostel takes care of all basic needs and amenities, safety and security of girl students and maintains conducive environment for comfortable stay and studies. Beautiful garden and landscaping around keeps them fresh and hilarious.
